THE LEGIONNAIRE

Samantha Traunfeld

Discover the epic military fantasy where magic determines your place in life.

Saiden, a Blood-Cursed legionnaire—blessed by both the God of Life and Goddess of Death—is a paradox. Called both “death-bringer” and “world-ender,” she is surprisingly careful about taking lives and proving herself to be a monster. Torn between her loyalty to her queen and the need to protect her people, Saiden struggles to decide who she is going to be in a world that has already cast her aside.

Queen Lorelei is hiding the fact that she's been blessed by the God of Life while navigating the manipulative and dangerous landscape of ruling a kingdom. When she discovers a mysterious prisoner in her dungeons, she begins to unravel a complicated plot that shadows her reign and would change the course of history.

Mozare, gifted by the Goddess of Death with the powers to control shadows, is hiding lots of secrets in the dark. As Saiden's legionnaire partner, he would do everything to protect her—even if that means killing the queen she swore to protect to save her from a fate worse than death.

With friends and enemies becoming indistinguishable from each other, can these three individuals survive long enough to fulfill their destinies without losing those closest to them, or will their missions irreparably ruin them—and possibly the entire kingdom?

"This grim, passionate tale will scorch readers."

- Kirkus recommended review.

Samantha Traunfeld's love of stories began when she was 12—back when she could read a whole book in a day, and wrote lots of stories featuring cute ghosts. Now she writes stories about badass women, sharp weapons, and banter-y relationships. When she isn't writing, she's usually cuddling her dog, starting a new craft project she might not finish, or trying to figure out how video games work. There's a 94.6% chance you can find her curled up in a bookstore somewhere (math is not her strong suit), but if you don't, you can find more information on her website: samanthatraunfeld.com

DOWN THE WELL

Veronica King

Discover a new world in this portal fantasy where magic is real, animals can talk, and humans are extinct.

Lore Deoradán wants to be happy when she grows up. But navigating her parents' mercurial moods, moving to a new town just two weeks before her high school graduation, and dealing with her beloved grandma's declining health all make that dream seemingly impossible. Will her new job be the first step toward happiness, or will it be yet another disappointment?

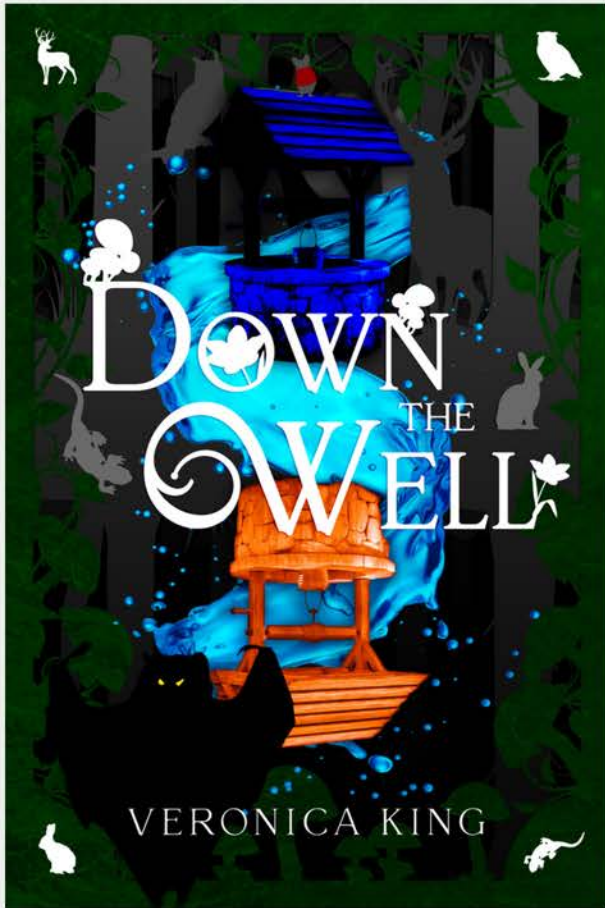

When she falls down a well into a magical world with talking animals that haven't seen a human for years, she must clear her name of the mayor's murder. Although, how anyone believes she killed a Herculean-sized alligator is beyond her. Now, her survival is tied to a mouse with a chip on her shoulder. There's also a cat who owns a pub where the animal patrons might be cannibals, a giant snake librarian who probably wants to eat her, and sentient lampposts who are never there when you need them.

Can Lore prove her innocence, help a newfound friend save the town from a dark and dangerous schemer, and find her way home?

"One enchanting package." - Kirkus recommended review.

Kelli Wright (Veronica's true name) has a deep imagination, and a sail filled with ambition for the sea of opportunity ahead. As a teen, Kelli loved consuming all media about far-off magical worlds. HEIRS OF BONE & SEA

Kay Adams

Dive into the grand adventure of two young royals seeking to end the war between their two kingdoms in what Kirkus calls, "A Sapphic fantasy romance series-opener brimming with blood and longing."

Climb the tower. Kill the princess.

Evhen, princess—no, queen—of Vodaeard, is on a revenge mission. After witnessing her parents' brutal murder by the king of Marama and the horror of his undead army, she's vowed to kill his daughter. It'll be poetic justice and also take away his supernatural edge in the war. But when she realizes the princess might be an ignorant pawn, she changes course and hides her royal identity—after all, she can't trust an enemy, no matter how beautiful she is.

Stay alive. Break the curse.

Princess Kalei of Marama is moon-blessed, allowing her to resurrect her kingdom's loyal subjects. But when she's attacked in her safe lighthouse by a fiery pirate, her worldview is shattered once she learns what her power is really being used for. Determined to prove her innocence and willingness to stop her father, she has no choice but to trust her would-be killer to safely deliver her to the Vodaeardean princess. But who can she trust in when it seems Captain Evhen is not the only one who wants her dead?

Kay Adams is a fantasy author living in big-city Ontario, surrounded by a massive TBR pile and an equally massive teapot collection. A graduate of the University of Toronto's Celtic Studies program, Kay began weaving worlds and creating characters using a mix of folkloric fascination and celestial curiosity. When she isn't writing, she can be found scrolling TikTok until her time limit runs out, existing in the same vicinity as her two cats Goose and Ducky, or staring at her rainbow library until a book she wants to read magically materializes—except the books she really wants to read are the ones she's writing.

Heirs of Bone and Sea is her debut novel.

Every good fairytale begins with "Once Upon a Time," or they're supposed to at least. An annoying, snarky frog prince named Aneurin, seeking the kiss of true love to break his curse. He vows that if Jo agrees to help him find his princess, he will get her home.

With every turn of the page, their adventure leads them deeper into fairytales familiar to Jo. A DIAMOND BRIGHT AND BROKEN

Holly Davis

Discover the founder of Diversity is Lit Bookclub's debut where one girl's magical power is both a gift and a curse.

Sixteen-year-old Cadence was born with the ability to cry tears of diamonds—a secret talent her parents have abused to climb the royal ranks thanks to the infinite source of wealth. At their command, she cries diamonds to pay for the pricey treatments for her sister's neuromuscular disorder. Regardless of the pain, she'll do anything for her sister, who weakens by the day.

When the prince heckles Cadence at the King's Summer Solstice Ball about her sister's disability while dancing in the ballroom, she's left on the verge of tears, threatening to expose her power. She is saved by a mysteriously charming girl who sweeps in to take the next dance—and the single diamond Cadence cried. The stranger reveals the Magi Queen sent her to tell Cadence that she's a mage, and that her power is a curse.

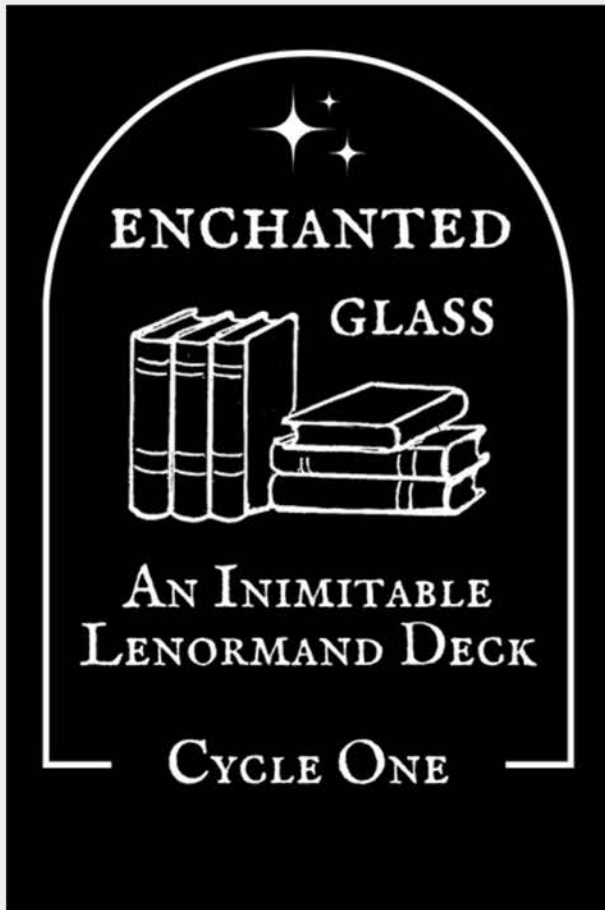

Yearning to discover the secrets behind her powers, Cadence sets off for the City of Magi. To claim the life she wants, Cadence must embrace her power—before she loses the bright spots in her otherwise sad existence. After all, even diamonds can shatter.

Holly Davis is a kidlit author who started her writing journey as a child, often drawing the book cover and only writing a couple of chapters. In high school, she wrote fanfiction for the video game, Kingdom Hearts, before eventually wanting to write stories of worlds and characters all her own!

Now Holly gives writing advice and interacts with the online community via her YouTube channel. She's also a Page Turner Young Writer Awards judge and the host of the Diversity is Lit Book Club, which promotes BIPOC authors.

You can find her in the Chicago suburbs helping people in the hospital as a physical therapist, enjoying the company of her two babies who have fur, and binging Netflix shows.

INIMITABLE LENORMAND: CYCLE ONE

Veronica King

Dive into a lesser-known form of cartomancy—Lenormand—and get to know Inimitable Books' titles better in this beautiful 36-card deck.

Author Veronica King pays homage to Inimitable Books' first 5 titles in this illustrated, 36-card Lenormand deck to help newbies and established fans of cartomancy alike explore divination with a twist. Rather than using all the standard card names, some have been modified to better fit her fellow authors' stories. Enjoy images of King's interpretation of characters from the epic fantasy novels *The Legionnaire*, *The Storm Gathers*, and *Heirs of Bone and Sea*, the paranormal romance, *The Devil's Waltz*, and her own debut novel: *Down The Well*.

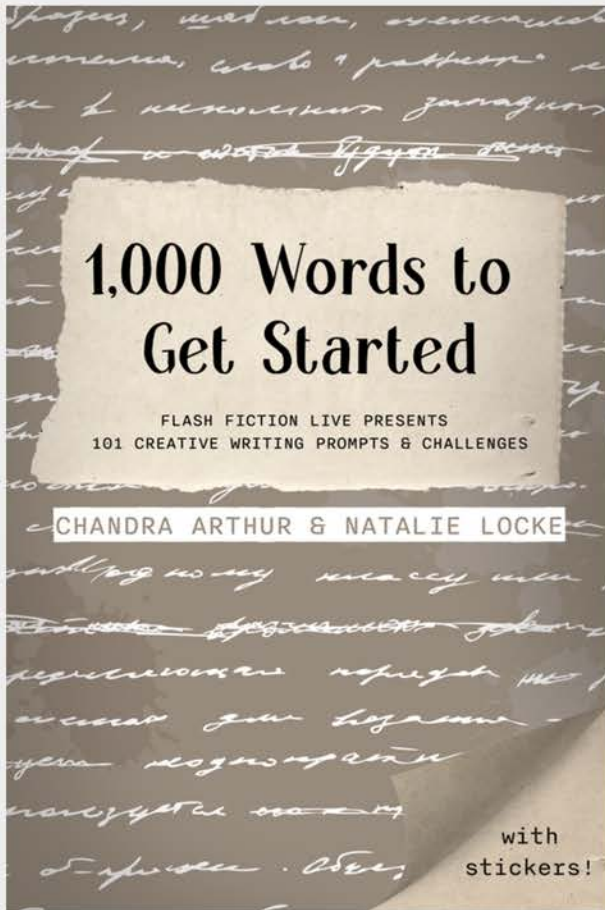

Let this deck and its guidebook, complete with card layouts, teach you a fun alternative to tarot (fewer cards to memorize, more day-to-day applications, and easier to handle because of its smaller size).

Kelli Wright (Veronica's true name) has a deep imagination, and a sail filled with ambition for the sea of opportunity ahead. As a teen, Kelli loved consuming all media about far-off magical worlds. As an adult, she enjoys using her own spellbinding creativity to spin whimsical worlds and charming characters from thin air.

She calls the foothills of Appalachia home. When she isn't crafting a story, she enjoys kitchen witchery, reading to her young daughters, and playing video games with her spouse.

Divination social media giant Madam Adam has agreed to review an early copy of the deck

CROWNS OF BLOOD & SALT

Kay Adams

Dive into the depths of the sequel to the fast-selling *Heirs of Bone and Sea*, and witness the Queen of Vodaeard and Princess of Death's mission to save their loved ones and defeat a great evil once and for all.

Kalei Maristela was dying.

In the wake of the battle that rendered her powerless and her father immortal, the Princess of Death is lost. Her connection to the moon has been severed, shattering something inside her. But when she unlocks a new magic, Kalei must decide if she'll use it for good or for evil.

Evhen Lockes was drowning.

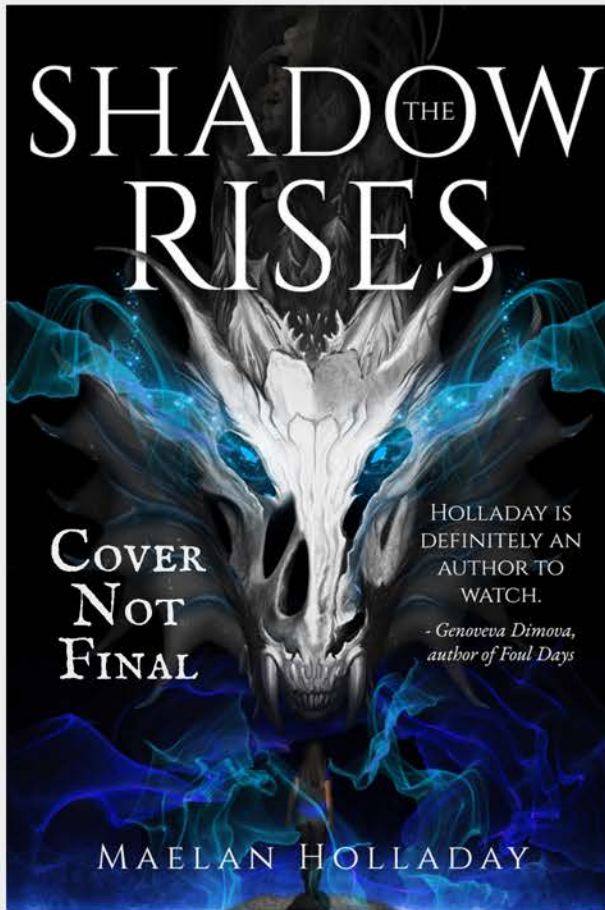

When people start dying on Evhen's ship on the way to rescue her brother, a mystery unfolds that forces her to embrace her crown much sooner than she ever wanted. With a council she can't rely on and Kalei pushing her away at every turn, Evhen is left alone to save all that she loves.

Kay Adams is a fantasy author living in big-city Ontario, surrounded by a massive TBR pile and an equally massive teapot collection. A graduate of the University of Toronto's Celtic Studies program, Kay began weaving worlds and creating characters using a mix of folkloric fascination and celestial curiosity. When she isn't writing, she can be found scrolling TikTok until her time limit runs out, existing in the same vicinity as her two cats Goose and Ducky, or staring at her rainbow library until a book she wants to read magically materializes—except the books she really wants to read are the ones she's writing.

Heirs of Bone and Sea is her debut novel.

THE SHADOW RISES

Maelan Holladay

Return to the sprawling fantasy saga that Kirkus Reviews called "an electric work of epic fantasy," where three powerful and morally gray women will either save their world—or bring it closer to destruction.

Power destroys power.

Separated from everyone and everything she knows, Rae Toma is once again lost in the Shatter. However, this time, without her allies, there is no hope of escape. But when her mother's heritage unlocks a new kind of magic, Rae's mission expands beyond her mere survival.

Now the bearer of Eriysha's Compass, Nur Del Sue returns to her islands—where old enemies await. Caught between the goddess's task and her personal desire for revenge, the Stormwitch soon realizes that she will need to place her trust in the very people who betrayed her.

Upon reaching the shores of Okaro, Alana Zaya finds a tangle of politics and deception left behind by her mother. Facing opposition from all sides and denied by her homeland, the Queen of Darkness is pushed to the breaking point.

Can these three women avert disaster yet again, or is their—and the universe's—luck running out?

Maelan Holladay was born and raised in the Bay Area. She likes rock music, dragons, and stories about villains who conquer the world.

Currently, Maelan is pursuing a bachelor's degree in animal biology.

The Storm Gathers is her debut novel.

THE CLIFFS OF WAYWARD

Veronica King

This sequel to *Down The Well* expands readers' view of King's fictional world ("excel[ling] at establishing settings" - Kirkus review of the series opener), weaves complicated relationships, and explores the all important question of: does your past define you?

Still eager to recover her memories and return to her own world, Lore Deoradán is bound for another adventure with the sassy mouse Mathilde and some new friends since she first fell down the well on her grandmother's property.

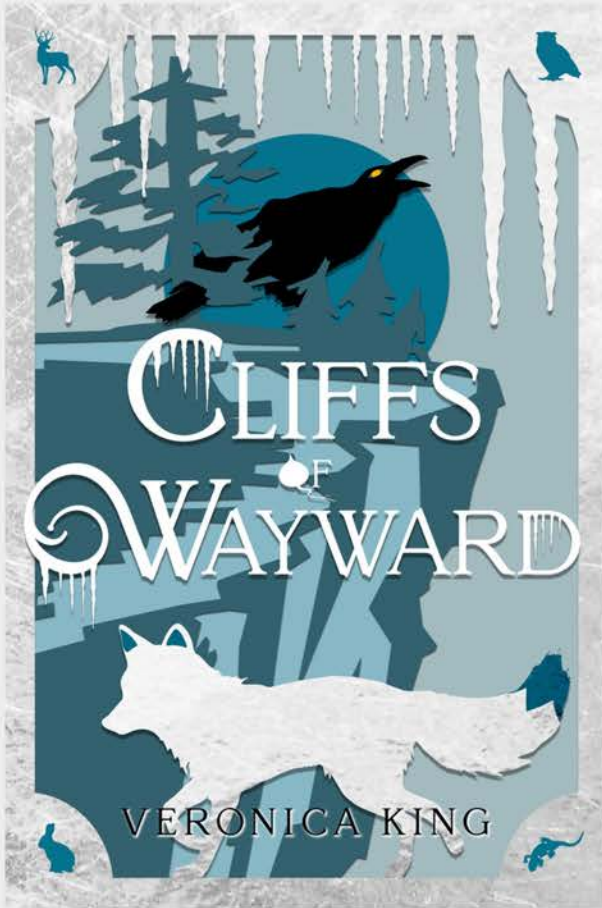

After defeating a tyrannical and power-crazed Wielder in Charmsend, she is now tasked with healing all magic in the Thimbleton—no pressure. Lore and her companions must trust each other, confront one of their own's questionable past, and survive climbing the grand Cliffs of Wayward.

Delve deeper into the world of Thimbleton, as Veronica King dives deeper into fan favorite characters, learn more about the history of a world where talking animals are normal, humans are extinct, and there is always someone with a secret.

Kelli Wright (Veronica's true name) has a deep imagination, and a sail filled with ambition for the sea of opportunity ahead. As a teen, Kelli loved consuming all media about far-off magical worlds. As an adult, she enjoys using her own spellbinding creativity to spin whimsical worlds and charming characters from thin air.

She calls the foothills of Appalachia home. When she isn't crafting a story, she enjoys kitchen witchery, reading to her young daughters, and playing video games with her spouse.
